Community Connections Children's Mental Health Request for Services

Dear Parent/Guardian:

Children's Mental Health has trained counselors and staff who will meet with you to discuss concerns you have about your child's behaviors and emotions. Our staff can provide service in the places which work best for you and your child either the office, your home, or your child's school for troubling behaviors and feelings.

After providing us with some written information and giving it to the front desk it will be date stamped and a supervisor will contact you within two business days. This first contact will be to confirm that your enrollment packet has been received and discuss with you the next steps in the enrollment process. Please complete the forms to the best of your ability. We rely on the information in order to contact you. If you would like some help completing the forms call Community Connections and ask to speak with a Service Coordinator in Children's Mental Health. **Please understand that your child is not considered a client of Community Connections until he/she has had an assessment with a counselor and the counselor determines that services are appropriate for your child.**

Each week enrollment packets are reviewed by the counselors and we attempt to have families meet with a counselor within two weeks of turning in the packet. During the last year we have had longer wait times due to many families asking for our services. We will discuss wait times with you in the initial phone call.

Please know that if you have any questions or concerns about this process we are available to speak with you Monday through Friday from 8 am to 5 pm.

I acknowledge that my child is not considered a client of Community Connections until he/she has been assessed by a clinician and the clinician determines mental health services are appropriate for my child.
